

We introduce CinemaWell.com, a revolutionary, **social platform of online cinemas**, which brings independent filmmakers together with ***unlimited audiences from around the globe at one time!*** Our platform serves as a perfect place for **premieres!**

Watch movies and get paid with ApplauseCash (APLC), the CinemaWell.com cryptocurrency!

Filmmaking is not just for big production companies anymore! Prices have dropped on equipment for shooting, producing, and editing films, opening possibilities for thousands of new filmmakers around the globe!

In 2017 alone, over 6.4 million viewers enjoyed almost 70,000 independent films. Traditional cinemas cannot possibly grow to support the exploding volume of independent films being created worldwide.

Naturally, major production companies control which films ever reach an audience. It's hard for viewers to find independent films, and it's hard for filmmakers to find audiences.

Sadly, a most films never reach audiences.

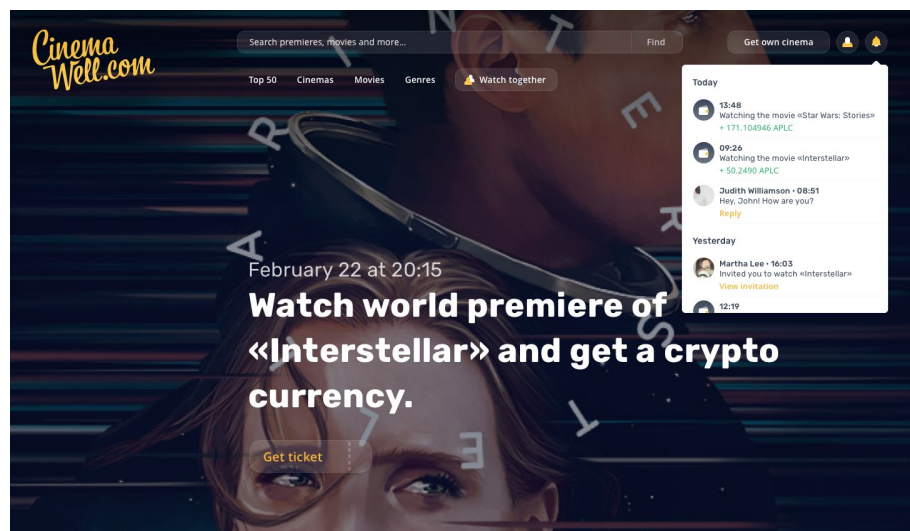

Content that can be shared includes much more than independent films. **In just 30 days, more video content is uploaded to the web than all content shown on television in the past 30 years!** Of course, these are not all full length films. Online video content also includes concerts, festivals, theatrical plays, sport events, seminars, training, news, rallies, and so much more. All of this content can be shared with **worldwide audiences using CinemaWell.com.**

CinemaWell.com brings the cinema of the future through **Internet Video Co-Viewing (IVCV)**, a new way of distributing video, which allows an unlimited number of online users to gather together and view the same content in one virtual theater. The IVCV experience is far superior to traditional independent viewing experience offered by platforms such as YouTube and Vimeo.

CinemaWell.com is the first network of online cinemas with many great social features.

CinemaWell.com gives users a unique opportunity to be part of the new age of distributing movies, viewing films with

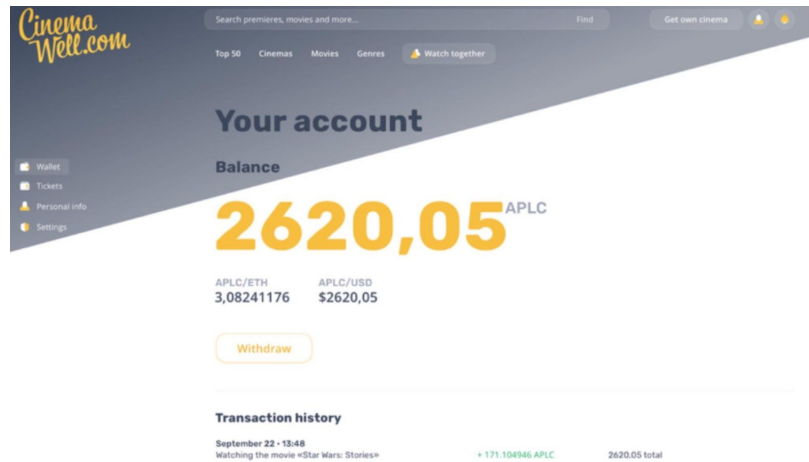

thousands of other viewers, going to a cinema with friends even when they are oceans apart! Best of all, registration is free, and **users actually get paid ApplauseCash (APLC) for using CinemaWell.com!**

Viewers can use [CinemaWell.com](https://cinemawell.com) to:

- Watch thousands of independent films from all over the globe.
- Watch movies with friends or meet others who share film interests.
- Share free content in a cinema and invite friends to **view together**.
- Discuss films with other viewers.
- **Get paid (in ApplauseCash) to watch and review films!**

Filmmakers can use [CinemaWell.com](https://cinemawell.com) to:

- Break into the worldwide viewing market.
- Gather unlimited audiences.
- Receive feedback from viewers.
- Know exactly who is viewing.
- Target past viewers for future shows.
- Premiere new films to a worldwide audience.
- Sell tickets (in ApplauseCash) for a profit.

Blockchain technology establishes smart contracts using our cryptocurrency named ApplauseCash.

[CinemaWell.com](https://cinemawell.com) charges a small percentage of ticket sales.

Within CinemaWell.com, ApplauseCash buys:

- tickets
- advertisements
- seats.
- video advertising before showings.
- announcements, etc.

New cryptocurrency ApplauseCash (APLC)

Total supply = 300,000,000.0000 (300 million) ApplauseCash
